Regarding: National Institute for Medical Informatics RFB for Consulting Services – 2011-002

The National Institute for Medical Informatics (NIMI) is pleased to announce an award to Beacon Technologies, Inc. (www.beaconmidwest.com). Initial staffing placement includes two project managers working with NIMI and Wisconsin Statewide Health Information Network (WISHIN) on use cases for Direct secure messaging and WISHIN Health Information Exchange scenarios.

NIMI extends thanks to each of the firms that responded to the bid and notes that responses will be kept on file in the event of future needs.
