

- > Continue to build on WISHIN's solid EHR-agnostic foundation of participating providers and technical capacity – for all: large, small, and in between.

- > Route and/or re-purpose the digitized health care information we receive to support common goals of increased efficiency, improved quality and lower costs

- > Diversify our client base:
 - Payers
 - Public Health/Medicaid
 - Community Health Centers
 - Pharmacies/PBMs
 - Nursing homes
 - Independent clinics

PRIORITIES FOR THE FUTURE

- **Interoperability!**
 - Improve information sharing
 - CommonWell, FHIR, and Care Everywhere
 - Between payers and providers
 - Widen the community circle
 - Support quality-reporting initiatives/processes
- **Notifications and Alerting**
 - Support active notifications for specific populations and/or circumstances: complex care management, care coordination, chronic disease populations or at-risk conditions
- **Explore Strategic Partnerships**
 - Find creative ways to address the needs of our clients and their patients
- **Expand Data Types and Uses of the Data**
 - Continue to onboard care summaries
 - eHealth Exchange connections to VA, SSA, and other health care organizations
 - Analytics and reporting
 - Other data types: claims, care plans, advance directives, images, etc.

WRAP-UP

- **Prizes!**
 - Early bird registration
 - Refer-a-colleague
 - Best “Light Bulb” moment
 - Fitbit drawing
- **Thank you to our sponsors**
 - HighFiveRx
 - ViaWest
 - Collective Medical Technologies
 - Medicity
 - Catering sponsors: Medicity, ImageTrend, Envera
 - Gift sponsors: Yahara Software, Vorro Health
- **Thanks for attending**
 - You – and your patients – are why we do what we do
 - We are proud to partner with so many organizations across the state
 - Meeting materials will be posted
 - Let us know how we can help you – don’t be strangers!
