Mission: To align services in the delivery of care in partnership with health plans and health systems

Cooperative model; Member-owned and driven

Members have equity in LCN (K1s)

Founded in 2016

51 Member Organizations

67 Skilled Nursing Facilities
5,127 Total SNF Beds

129 Senior Housing Communities
6,391 AL Units

3 Home Health Organizations

Questions

- What was the genesis for this stakeholder group to come together?
- How did AAH conclude that it must partner with Leading Choice and Bamboo Health to bring quality and cost efficiencies to the ACO?
- How do you foresee patient outcomes improving through this hospital and SNF collaboration?

Questions

- Share how this multistakeholder engagement has driven process improvement and awareness between Advocate Aurora Health and its PAN SNF partners.
- Please describe the SNFs improved experience through this effort.
- What value do SNFs and Hospitals experience through Bamboo Health?

Thank you for participating!
