Welcome Attendees and Panelists

- Session description and logistics
- WISHIN introduction to existing EMS integrations
- Panelist introductions

Questions for Panelists

- How do you and/or your organization use WISHIN Pulse?
- What were your processes before using WISHIN, what are some efficiencies you've gained in your current use, and how has this helped you improve patient outcomes?
- What are some challenges you still face that you'd like WISHIN to help you with? (*a WISH LIST for WISHIN!*)
- Other Discussion Points?

Question for Audience

- What challenges do you encounter in day-to-day coordination/transitions of care with EMS organizations?
- What are some suggestions for WISHIN to assist in better integration and coordination with EMS organizations?

WISHIN's Future Plans for EMS

- Deeper ImageTrend integration; potential integration with other vendors
- Improvements to patient matching
- WISHIN 2.0 enhanced search capabilities
- Data governance committee and its goals

Other Questions/Discussion Points?
